**DETAILED ACTION**

1. Receipt is acknowledged of the amendment filed 05/31-2005.
2. Claims 1-2 and 4-15 are pending, and claims 3 and 16-18 are cancelled.

***Allowable Subject Matter***

3. Claims 1-2 and 4-15 are allowed.
4. The following is an examiner's statement of reasons for allowance: With regard to independent claim 1, the prior art of record fails to disclose a decorative light supporting assembly comprising a bonding element and multiple support branches, configured as claimed, wherein a securing element composed of a top casing provided with a centrally defined connecting hole in a bottom face of the top casing and multiple legs extending from peripheral faces of the top casing and a bottom casing provided with a centrally formed connecting rod corresponding to the connecting hole and multiple extensions extending from peripheral face of the bottom casing, wherein both legs and the extensions are extended to correspond to and receive in the V-like bodies of the bonding element. With regard to independent claims 7 and 8, the prior art of record fails to disclose a decorative light supporting assembly comprising a bonding element and a securing element, configured as claimed, wherein multiple support branches each having a frame with multiple fingers integrally formed in a periphery of the frame and an arrow-shaped connector integrally formed on a tip of each frame and being inclined relative to the frame such that insertion of the arrow-shaped connector from each support branch into the corresponding V-shaped body is able to secure engagement between the bonding element and the support branches. Claims 2, 4-6, and 9-15 depend from claims 1 and 7-8. Therefore, claims 1-2 and 4-15 are patentable over the prior art of record.
